

Uniquely Portable
and Versatile

All-in-One Video Collaboration for Small Groups

Logitech ConferenceCam Connect

HD 1080p video and 360° sound meet portability and affordability with the all-in-one Logitech® ConferenceCam Connect. Optimized for small workgroups of 1-6, this videoconference solution offers multi-device connectivity and sets up in a snap. Now enterprise-quality video, a USB and *Bluetooth*® speakerphone, and wireless screen-mirror projection are available in virtually any workspace.

HD 1080p Video and 360° Sound Meet Portability and Affordability

All-in-One Video Collaboration for Small Groups

Optimized for workgroups of 1-6 people, the affordable ConferenceCam Connect videoconference solution offers multi-device connectivity and sets up in a snap to elevate small group collaboration to the next level.

ConferenceCam Connect offers a generous 90° field of view with digital pan, mechanical tilt, 4x digital Full HD zoom, and ZEISS® optics with autofocus. The mobile speakerphone features *Bluetooth*® wireless technology, Near Field Communication (NFC), and USB. With true 360° sound, users can hear and be heard within a 12-foot diameter range while acoustic echo and noise-cancelling technology delivers conversational realism.

For ultimate flexibility in the Anywhere Workplace, ConferenceCam Connect runs on battery or AC power and features certifications from Microsoft®, Cisco®, and Skype™ to ensure broad-based UC compatibility.

Multi-Device Connectivity

Anywhere Offices

Initiated audio or web conference from a mobile device?
Advances in personal devices now allow us to connect to meetings no matter where we are.

*Source: Wainhouse "The Evolution of Meeting Rooms" 10/2013

90° field of view

with digital pan/tilt and mechanical tilt control

360° audio with 12-foot diameter range

The acoustics are tuned to provide a quality experience so that users can hear and be heard within a 12-foot diameter range.

Omni-directional full duplex mics

Makes it seem like conversations are happening in the same room

HDMI connector

Connect the ConferenceCam to an HD TV screen to wirelessly stream content. The ConferenceCam automatically connects with no need to select TV inputs.

Logitech ConferenceCam Connect

Feature Spotlight

Portable All-in-One Design

Sleek, easy to carry, and a snap to set up and use to expand the collaborative potential of the Anywhere Workplace.

Perfect for Small Workgroups

Optimized for teams of 1-6, experience HD 1080p video, 360° sound, and wireless screen-mirror projection in virtually any workspace—and watch productivity soar.

See and Be Seen

Automatically focus on people and objects for razor-sharp resolution wherever the lens is pointed.

Multi-Device Connectivity

Simply connect PC or Mac to conduct life-like meetings within own familiar computing environment, or use the convenience of wireless connectivity for screen mirroring and audio pairing from a compatible mobile device*.

*Compatible with Android and Windows 8.1 - see specifications for requirements.

Interact with Everyone at the Table

The 90° field of view with digital pan, tilt, and 4X digital zoom in Full HD is ideal for small group meetings.

Hear and Be Heard

The acoustics are tuned to provide a quality experience so that users can hear and be heard within a 12-foot diameter range.

Conversations Sound Life-Like and Natural

Acoustic echo and noise-cancelling technology makes it seem like conversations are happening in the same room.

USB Plug-and-Play Connectivity

With no special software, training, or maintenance required, launching an enterprise-quality videoconference has never been easier.

Wireless Screen Mirroring

Connect wirelessly to ConferenceCam Connect to screen mirror presentations, spreadsheets, videos or Internet content from a mobile device* to a TV screen.

*Compatible with Android and Windows 8.1 versions - see specifications for requirements.

H.264 UVC 1.5 with Scalable Video Coding (SVC)

Frees up laptop bandwidth by putting video processing within the camera, resulting in a smoother video stream in applications like Microsoft® Lync™ 2013.

Professional-Grade Certifications

Optimized for Microsoft® Lync®, Certified for Skype for Business, Skype Certified™, and Cisco Jabber® and WebEx® compatible* certified ensures an integrated experience with most business-grade UC platforms.

*See www.logitech.com/ciscocompatibility for the latest version.

Near Field Communication (NFC) Technology

Pair mobile devices* to ConferenceCam Connect by simply bringing them close together.

*With mobile devices equipped with NFC technology

Bluetooth® Wireless Connectivity

Quickly and easily create a connection between any Bluetooth® device and the integrated speakerphone.

Far-End Camera Control

Operate camera pan, tilt and zoom functions of another Logitech ConferenceCam or Webcam C930e in the other location*.

*With Microsoft® Lync™ deployments; requires plug-in download

Dockable Remote Control

Easily operate camera pan/tilt/zoom and audio functions (call answer/end*, volume, mute) during meetings. The remote covers the lens when the camera is not in use for added privacy.

*With Microsoft® Lync™, Skype™, and Cisco Jabber™

Works with Most UC and Videoconference Applications

Users are free to use the desktop video conferencing program of their choice.

Kensington Lock-Enabled

The Kensington Security Slot offers a simple, built in security solution to help provide security from theft.

Rechargeable Battery

Setup is fast and easy. Just plug it in and you're ready to start collaborating.

Logitech ConferenceCam Connect

TECH SPECS

Camera

- Full HD 1080p video calling (up to 1920 x 1080 pixels); 720p HD video calling (up to 1280 x 720 pixels) with supported clients
- H.264 UVC 1.5 with Scalable Video Coding (SVC)
- Supports H.264 SVC 1080p for Microsoft® Lync™ 2013, along with optimizations for best call performance in single or multiparty HD video
- 90° field of view with autofocus
- 4X digital zoom in Full HD
- Rightlight™ 2 Technology for clear image in various lighting environments (even low light)
